

Munch with us!

Get out of the office, meet friends and community members and check out local restaurants during the monthly Menifee Munch.

Join Menifee city staff who will be munching at the featured Menifee Munch restaurant on the second Monday of each month. It's a great opportunity to network and get up to date with the latest news and information about Menifee's projects and programs. A different staff member or community member will present at every Menifee Munch event.

Munchers may have access to secret menus and meal deals!
